

Hi, my name is Andy Wills and along with my wife Shelley, we are excited to announce that as of December the 1st we will be the new owners of Riverton Rural Transport (formally D T Kings Transport – Riverton Branch).

Both Shelley and I, along with our three children, are born and bred Rivertonians. We consider ourselves to be true locals; we love our home, the area and the people in it. We have both always been actively involved in the community, whether it be on committees, at school activities, supporting or coaching sports - we are always there and love to be involved.

I have worked in the transport industry for over 20 years. I started bagging coal at the then White's Transport whilst still at school. I have always worked locally and have progressed through the ranks of the industry, driving just about every type of truck in the process.

Both Shelley and I have worked at DT Kings Transport for the last 10 years and with their restructure, are fortunate enough to be offered the opportunity of ownership. During our time at DT Kings Transport, we have both gained the skills, knowledge and experience to take the next step in our careers.

With our great team, (we have retained our core staff and have employed a couple new members) we are confident we can provide the same quality service our clients have come to expect from us over the last 10 years.

We are offering a full range of Rural Transport Services, including but not limited to...

Livestock Cartage
Bulk Fertiliser Cartage
Stock Feed Cartage
Sowing
Gravel and Contracting

I would like to take this opportunity to thank you all for your custom and support over the last 10 years at DT Kings Transport, and we look forward to fulfilling your transport requirements for the next 10 years and beyond.

Cheers

Andy Wills
